

Shelburne Pumpkinfest

To whom it may concern,

The Rotary Club of Shelburne is thrilled to announce the second annual Pumpkinfest event on October 12th 2024 from 12-3pm at Natasha Paterson Memorial Park in Shelburne, and we would like to invite your company to join us as a sponsor in raising funds for the local food bank.

Pumpkinfest brings together families and individuals from all over the community to celebrate the season with games, food, and fun activities. The event is a fundraiser that supports the local food bank, which provides critical assistance to those in our community who are struggling with hunger.

As a sponsor of the second annual Pumpkinfest, your company will have the unique opportunity to be a part of an exciting community tradition. Your support will help us create a successful and meaningful event that positively impacts the lives of so many in our community.

We are reaching out to your company because we believe that your values and goals align with our own. We are looking for sponsors who are committed to making a difference in the community and who share our passion for helping those in need. The entire community benefits financially through the contributions made by our sponsors in support of this fundraising event organized by the Rotary Club of Shelburne and we appreciate your consideration in supporting our efforts to help alleviate food scarcity concerns in our community.

As a sponsor, your company will receive prominent recognition and visibility throughout the festival. We offer a range of sponsorship packages to fit any budget, including opportunities for signage, banners, social media shoutouts, and more.

We also welcome the opportunity to collaborate with you on creative and mutually beneficial ways to promote your brand and showcase your commitment to the community.

Thank you for your consideration, and we look forward to the possibility of working with you to make this year's Pumpkinfest a huge success!

Best regards,
The Rotary Club of Shelburne

Shelburne Pumpkinfest
